

When my heart became aware

Sean Feucht

Verse 1 One thing I ask
That's what I seek, that I may dwell in Your house
All of my days, I'll stand amazed
Your glory is staggering

Chorus | Oh just to gaze,
on Your beauty Lord
I was made,
to be in this moment right now

Verse 2 My lasting request
Is to know Your heart
Like no man has ever known
Into the depth, where I lose all regret
Perfectly lost in Your love

-> Chorus x2

Bridge Take me back
To where it all started
To the things we did at first
Bring me close so I can remember
When my heart became aware

Repeat Bridge
