

# When my heart became aware

Sean Feucht

Verse 1      *F*                  *C*  
One thing I ask  
                 *F*                  *C*                  *F*                  *Am7*      *G*  
That's what I seek, that I may dwell in Your house  
                 *F*                  *C*                  *F*                  *C*  
All of my days, I'll stand amazed  
                 *F*                  *Am7*      *G*  
Your glory is staggering

Chorus      *F*  
Oh just to gaze,  
                 *Am*      *G*      *F*      *C*  
on Your beauty Lord  
                 *G*      *F*  
I was made,  
                 *Am*      *G*                  *F*  
to be in this moment right now  
*C* *G*

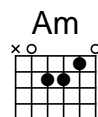

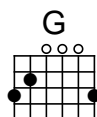

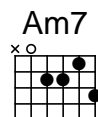

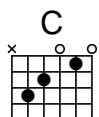

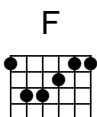

Verse 2      *F*                  *C*  
My lasting request  
                 *F*                  *C*  
Is to know Your heart  
                 *F*                  *Am7* *G*  
Like no man has ever known  
                 *F*                  *C*                  *F*                  *C*  
Into the depth, where I lose all regret  
                 *F*                  *Am7*                  *G*  
Perfectly lost in Your love

-> Chorus x2

Bridge      *Am*                  *F*  
Take me back  
                 *C*                  *G*  
To where it all started

To the things we did at first  
                 *Am*                  *F*                  *C*      *G*  
Bring me close so I can remember
